

Angular grippers with 180° opening are the ideal solution to limited space requirements and where is necessary necessity to have fully retractable jaws, avoiding the impact with other machine's components. This series of grippers allows the possibility to install magnetic round switches on the two main surfaces. Available sizes: Ø10, 16, 20 and 25 mm.

Les pincés angulaires avec ouverture à 180° sont idéales lorsque l'espace est limité. En effet les mâchoires sont entièrement rétractables, et évitent l'impact avec d'autres composants de la machine. Cette série de pincés permet d'installer des capteurs magnétiques ronds sur les deux faces principales. Tailles disponibles : Ø10, 16, 20 et 25 mm.

Le pinze ad apertura angolare a 180° sono la soluzione ideale ad esigenze di ingombro e alla necessità che le due griffe si ritirino completamente, impedendo l'impacco con altre parti della macchina. In questa pinza è possibile montare sensori magnetici tondi sulle due facciate principali. Taglie disponibili: Ø10, 16, 20 e 25mm.
